# Report of Selectmen

To the Citizens and Taxpayers of Haverhill:

We submit our report for the year ending Jan. 31, 1931. Upon the following pages will be found the detailed statements.

During the past year we have decreased our indebtedness in the amount of $6,891.71, regardless of the fact that both Town Highway and Town Poor appropriations were overrun. This decrease is due partly to the appropriation made of $7,000.00 to apply on interest and debt.

Again this year we have no uncollected taxes. All our assets consist of real estate bought by the Town for the taxes, plus amounts due from the State and County.

Respectfully submitted,
JONAS N. BROWN,
ARTHUR E. DAVIS,
WESLEY G. WHITE.

## REPORT OF THE WOODSVILLE WATER AND LIGHT DEPT.

The Water & Light Commissioners of the Village of Woodsville beg to submit the following report:

During the past year many of the outside lines and poles have been repaired or joined with the Telephone Company so that we feel that the lines are mostly in a very good state of repair.

The Electric Light Plant help consists of a general superintendent, two men to operate the plant and two men for the outside, or linemen's work, and occasionally extra help when needed.

In the latter part of the summer it was decided to put in two new water wheels to connect and use the two generators which we had on hand. This, with repairs to the plant which were necessary, was estimated to cost from fourteen to fifteen thousand dollars. Nearly one-half has been paid at this time and the balance will be taken care of out of the 1931 receipts.

All Bonds and Interest have been paid when due.

## REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Woodsville:

I herewith present my first annual report as superintendent of schools.

During the year 1929-1930 the enrollment was 453; per cent of attendance, 96.25; number of cases of tardiness, 265; number of tuition pupils, 100; school visits by board members, 4; by superintendent, 298; by citizens, 702.

The following pupils in the grades were on the roll of honor for perfect attendance: Helen Abbott, Louise Adams, Charles Bagley, Roy Bagley, Luvia Butson, Delphine Colby, Sammie Darling, Dorothy Day, Muriel Day, Audrey Dearborn, Russell Dow, Beryl Fearon, Glen Fearon, Arthur Greenwood, Virginia Johnson, James Knight, Mary Knox, Natalie Mason, Barron McIntire, Wendell Millette, Winifred Moran, Vaughan Nutter, Thelma Perrin, Bertha Platts, Howard Platts, Simone Prickett, George Rowden, Duane Thornton, Norman Weden, Scott Wells, Lawrence Wilkins.

Twenty-three pupils were promoted from the eighth grade to the high school: Eulela Adams, Eleanor Bailey, Elbert Blodgett, Douglas Bunnell, William Darby, Kathleen Demeritt, Russell Dow, Priscilla Fairbanks, Beryl Fearon, Maxine Hood, Mary Knox, Joe Maccini, Barron McIntire, Lawrence O'Neil, Howard Platts, Pauline Prescott, Simone Prickett, Ruth Rouhan, Marjorie Tilton, Nathaleen Jolin, Cyrena Jolin, Louise Mills, Doris Boucher.

The enrollment for the current school year is 457. The teachers are as follows:

Senior High School: Headmaster, G. Hampton McGaw, languages and history; Submaster, Carl E. Harriman, science and mathematics; William Bryant, Jr., science and manual training; Patrick J. Morley, history and English; Lillias R. Warren, English, Latin,

and history; Marion E. Fenerty, domestic arts; Marion F. Eastman, commerce; Esther B. Lord, English and French.

Junior High School: Principal, Nettie W. McCoy, grade eight with music and mathematics in grade seven; Winifred Sargent, grade seven with science and French in grade eight.

Elementary School: Helen A. Franklin, grade six; Mary M. Mann, grade five; Marjorie E. Deming, grade four; Muriel Ellingwood, grade three; Mildred E. Emery, grade two; Florence S. Lang, grade one.

Alice M. Brown, music; Larkin Hosford, leader of the orchestra; Lottie M. B. Underhill, school nurse; William Burbank and William Fillian, janitors.

The work of the schools is progressing in a satisfactory manner. It is a great advantage to have capable experienced teachers and to have had but few adjustments to make because of changes in the teaching staff.

I am glad to call the attention of the citizens to certain repairs and improvements recently made in the buildings namely: the electric lights in the grade building and the redecorating of part of the high school. It is to be hoped that we can finish doing over the interior of the high school and put on steel ceilings in the grade rooms as soon as possible.

It seems fitting at this time to express thanks to all those who have furnishd milk and sent in food and clothing. These generous gifts have enabled Miss Underhill to do a great deal more for the comfort and welfare of the children than is often possible in the usual health inspection.

Respectfully submitted,

EDWARD A. JANES.

## REPORT OF THE HEADMASTER

To the Superintendent of Schools:

I offer herewith my thirteenth annual report of the Woodsville High School, for the year ending January, 23, 1931.

Registration to date has been one hundred fifty-four pupils, sixty-eight boys and eighty-six girls. Four of these pupils have withdrawn; ten members of last year did not return after the summer vacation (four of these moved from town); and only two who passed from the local eighth grade last June failed to enter high school this fall. The school is offering opportunity to all the young people in this vicinity. With improved roads and reliable bus service this High School should now become the center for an increasing number of pupils. Changes could readily be made to accommodate two hundred. It is more convenient now to drive five or ten miles by car than it used to be to go one or two miles in open sleigh or by buggy. With a larger number of pupils better student organizations can be maintained, better equipment for library and laboratory can be supplied, and more social contacts can be provided for the individual by mingling with a larger group of people.

By class groups there are twenty-four seniors, thirty-one juniors, forty-six second year, fifty-two first year, and one special. The tuition list contains seventy-eight names, and eight towns are represented.

Last June was graduated the thirty-fourth class with the following twenty-six members: Arnold R. Bone, Dorothy L. Brock, Theodore E. Darling, Idabelle Davidson, John J. Demeritt, Kenneth R. Derusha, Letizia M. Duca, Harold P. Hastings, Gwendolyn E. Hood, Pauline N. Kaiser, Virginia P. Keyser, George W. Lamarre, Shirley I. MacLeod, Arthur C. McIntire, Irene L. McIntire, W. Dean McLam, Clifford F. McLure, Mar-

garet E. McNulty, Herbert F. Norris, Mary J. O'Neil, Miriam O. Page, C. Alexander Park, George P. Roy, Vida M. Spinney, Lloyd W. Stearns, W. Dustin White, Jr. Seven of these are continuing study in colleges or schools, nine have engaged in some gainful employment, and the others are busy in the occupations of home life. Miriam Page stood first in the class in scholarship rank, and Mary O'Neil was second. To Miriam Page was awarded the Alumni Attainment Medal for general allround earnestness, presentation being made by Frank G. Woodward of the class of 1925. There are now in all five hundred and one graduates.

Public speaking was conducted in two groups on April 8 and 11. First prizes were awarded to Charles Irwin, Claude White, Luvia Spinney, and Marjorie Bailey, and second prizes to Luigi Castello, John O'Neil, Minola Derby, and Thelma Shortsleeve. Mrs. Alice E. S. Corliss of Ryegate trained the speakers.

Various pupils have participated in near-by carnivals, typing contests, essay writing, athletic meets, and patriotic parades; all these items are recorded in the local newspapers, and are preserved in the official school scrap books.

The school felt with keen sorrow the decease of Perley Klark last July. He was a graduate of 1912, and was thoroughly loyal in his devotion to the interests of the school. A master of music, he had conducted the orchestra for some time; twenty years ago he organized the first orchestra; only a month before his death he had participated in the final assembly meeting. This year Larkin Hosford is leading both orchestra and band; some thirty pupils are enjoying the excellent advantage of these musical groups.

The Cycle was recently awarded honorable mention in its class of school publications in an exhibit sponsored by the Scholastic Press association of Columbia University.

Football teams were organized last fall, equipment being generously provided by public-spirited citizens. Field hockey was maintained for the girls. With baseball and basketball continued as usual, opportunity in athletics is offered to every pupil who wishes to play.

Attention is called to the necessity of a record of 85 per cent or over in order to be granted a college entrance certificate. Such certificate cannot be given to pupils who fall below this grade, and the colleges in general do not accept candidates who fail of the school's approval. A pupil who has an acceptable record in high school is not likely to fail in college.

The kind interest of parents, alumni, and other citizens is gratefully appreciated. All concerned are trying to make this a worth while school provided under least expensive conditions.

Respectfully submitted

G. H. McGAW.

## REPORT OF THE SCHOOL BOARD OF HAVERHILL

We, the undersigned members of the Haverhill School Board, submit the following report:

The expenditure of the school money during the past year has been made with the express purpose of keeping appropriations down to the lowest point consistent with the preservation of the efficiency of the maintenance and operation of our various schools both for the present and looking toward the future. Increasing fuel costs have been considered and a large part of our repairs have been devoted to the heating problem. A vacuum steam heating plant of the most modern variety was installed at Pike at a cost of $1,035. We think that its extra cost will soon be paid by fuel saving. It is giving excellent satisfaction. Chamberlin Metal Weather Strips have been placed on the Academy building and the North Haverhill and Pike schools at a cost of $625, $150 of which is payable next year without interest. There is already a marked saving in fuel in these buildings, indicating that the saving will soon pay for the cost of the strips. Beginning last fall, soft coal has been used in the Academy, Pearson Hall and Alumni Hall at Haverhill and the North Haverhill school. The results have been so gratifying that we are quoting figures to indicate the saving. On February 1 last year we had spent $845.76 for High School and $1,423.75 for Elementary schools for fuel, this year we had spent $481.31 for High School and $664.70 for Elementary schools. The High School figures show a very real comparison as there was about an equal amount of fuel on hand on each year. In the case of the Elementary schools there was more fuel on hand last year but probably not enough to amount to more than $400. The School Board wishes to take this opportunity to remind the taxpayers that the School District is

paying for heating two halls at Haverhill out of these amounts. Alumni Hall is used very much of the time for school purposes and is charged to High School costs. The Masonic apartments in Pearson Hall are heated when required, probably averaging about four times a month, and this is charged to elementary costs. There is some income derived from Alumni Hall rent and eventually the District will receive $25.00 a month rent for the Masonic apartments. During the past summer the village water was connected with the North Haverhill school which will cause a considerable saving annually as the old system was very expensive to operate.

Our repair bills have exceeded our estimate in last year's budget but by careful supervision of expenses in other accounts we expect to close the year with sufficient funds to pay the final installment of the note for repairs on Pearson Hall and have a small balance besides.

In the Town Report of 1929 attention of the voters was called to the fact that the Biennial Report of Education showed that Haverhill had the highest tax cost per $1,000. of valuation ($8.60 for elementary schools) of any District in the State. We are pleased to quote from the Biennial Report just issued covering the two years period ending June 30, 1930 that this cost has been reduced to $7.14 per $1,000. The High School tax cost is reduced from $6.15 to $5.98 per $1,000.

The School Board has taken note of the propaganda that usually appears about this season of the year relative to the closing of Haverhill Academy. We believe from a comparison with other schools of its size and advantages that its cost is not excessive and that the graduates of the school are a credit to the town. We are pleased to be able to quote from a letter received from Commissioner Butterfield shortly before his resignation. "I visited Haverhill Academy last fall and was pleased with the spirit and progress of the

school. It has at all times been an institution of good merit."

The attention of the voters is called to the budget for the fiscal year from July 1, 1931 to June 30, 1932. The retiring member of the board is Mr. Daniel Carr.

Respectfully submitted,

DANIEL CARR,
FRED C. RUSSELL,
WILLIAM H. SLIGHT,
School Board of Haverhill.

## REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of the Haverhill School District:

I herewith present my first annual report as superintendent of schools.

During the year 1929-1930 the total enrollment was 411; the per cent of attendance, 93.68; number of cases of tardiness 768; school visits made by board members, 27; by superintendent, 324,by citizens, 589.

The winner of the Latin prize, last June was Sarah Wright; the winner of the Improvement prize was Muriel Barber.

## REPORT OF HEADMASTER

To the Superintendent of Schools:

I submit herewith my seventh annual report of Haverhill Academy and High School for the year ending Jan. 31, 1931.

The total enrollment for the year is seventy-five. There are ten seniors, fourteen juniors, twenty-three sophomores and twenty-eight freshmen. The enrollment for last year was seventy-seven. There are eight tuition pupils.

Fifteen pupils graduated in June as follows: Helen Brown, Dorothy Brunelle, Lauria Brunelle, Maurice Church, Arthur Foss, Ivan Grimes, John Kelley, Francis Millette, James Morrill, Alice Perkins, Eunice Rogers, Maynard Sawyer, Neil Smith, Pauline Smith, Sarah Wright.

First, second, third and fourth honors were won by Sarah Wright, Maurice Church, Pauline Smith and Francis Millette respectively.

Six of the June graduates are attending post-secondary or special training schools.

The Mary Carbee Latin Prize and the Scholarship, Loyalty and Achievement Medal both were won by Sarah Wright.

The per cent of attendance for the year was 97.29, which was the best we have attained and nearly equal to any school in the state.

The Latin and Algebra teams which competed in the state meet held at Plymouth made a creditable showing.

The usual athletic activities have been maintained. About half of the school either play in the regular scheduled games or are on the squads.

The band and glee club as well as the newly organized orchestra have appeared on several local programs.

Intelligence and Achievement tests have been given regularly and the results indicate standard achievement for the school as a whole.

The three curricula program of studies is as follows:

Latin curriculum:— First year, English, algebra, history of civilization, Latin; second year, English. geometry, French, Caesar; third year, English, Virgil, French, physics; fourth year, English, Cicero, U. S. history, French or chemistry or advance mathematics.

Engish curriculum:— First year, English, algebra, history of civilization, biology; second year, English geometry, French, modern history; third year, English, economics and sociology, French, physics; fourth year, English, French or advance mathematics, U. S. history, chemistry.

Domestic Arts curriculum:— First year, English, algebra, history of civilization, textile and clothing; second year, English, foods and nutrition, French or geometry, modern history; third year, English, economics and sociology, French, the home, its care and management; fourth year, English, French or advance

mathematics, U. S. history, The Family and its Members.

Detailed information as to the advantages and merits of each of the above curricula will be gladly furnished upon request.

The cooperation of parents and community as a whole in both our curricula and extra-curricula activities have been greatly appreciated.

The public is not only welcome but urged to visit our regular school sessions.

Respectfully submitted,

FRIEND H. JENKINS.

February 1, 1931.
